

Contact CEI for more information on the Solar Max RA240

The Solar Max RA240 is a thermostatically controlled forced air heating system that can be easily installed on a southerly facing wall.

Solar Max will reduce heating costs saving homeowners or businesses hundreds of dollars annually.

The Model RA240 Solar Max has been accepted by the Renewable Energy Deployment Initiative (REDI) program. You may be eligible for a rebate on the purchase and installation costs of Solar Max.

Ask Clean Energy International for details of this incentive program.

Cansolair

*Solar Max is manufactured by Cansolair Inc.
